

Production Manager Position- The Farm at Sunnyside Washington, VA

The Farm at Sunnyside seeks an experienced individual to assist in the management of our organic vegetable and fruit operation. The farm is located in Washington, Virginia, nestled against beautiful Shenandoah National Park. We grow certified organic vegetables on approximately 15 acres and have 20 acres in orchard and bramble crops.

The farm supports an 80 member, on-farm CSA, and sells at weekly farmers markets in Washington, DC.

Experience:

- Minimum 4 years vegetable production experience, at least one at manager level.
- Understanding of whole farm systems
- Knowledge and experience in tractor operation and vegetable production equipment- transplanter, plastic layer, tillage equipment, cultivation equipment
- Tractor maintenance and repair
- Experience managing farm labor and interns
- Farmer's market and/or CSA experience.
- Orchard experience desirable

Full-time, year round position. Competitive compensation package, including housing and health care.
